**SEC MEMORANDUM CIRCULAR 6**

Series of 2006

RE : **Submission of General Information Sheet and the General and Special Form for Financial Statements in Electronic Format**

**SECTION 1. *Rationale***

Section 141 of the Corporation Code of the Philippines (Batas Pambansa 68) mandates that every corporation, domestic or foreign, lawfully doing business in the Philippines, shall submit to the Securities and Exchange Commission an annual report of its operations, together with a financial statement of its assets and liabilities, certified by any independent certified public accountant in appropriate cases, or by SEC-accredited independent certified public accountants in case of listed companies and secondary licensees, covering the preceding fiscal year and such other requirements as the Securities and Exchange Commission may require.

Further, Section 26 of the Corporation Code requires that the Secretary or any other officer of the Corporation shall submit within thirty (30) days after the election of directors, trustees, and officers of the corporation, a report containing among others, the names, nationalities and addresses of such persons. Thus, for reporting such information, corporations use the General Information Sheet (GIS), the form devised by the Securities and Exchange Commission (SEC) for this and other purposes.

Apart from being used for SEC monitoring and enforcement activities, the data in the aforementioned reports also serve as inputs for the different statistical frameworks compiled by other government institutions for purposes of analyzing the performance of the Philippine corporate sector and formulating the appropriate economic and regulatory policies. It is therefore essential that the data in the subject reports be complete, accurate, reliable, and submitted following the prescribed reporting template and timeframe, because of their profound impact on the economy in general and the capital market in particular.

Considering the foregoing and in accordance with Section 27 of R.A. 8792 which is also known as the Electronic Commerce Act, and Section 37 of its Implementing Rules and Regulations, the submission of the GIS, the General Form for Financial Statements (GFFS), and the industry-specific Special Forms for Financial Statements (SFFS) in electronic format *i.e.*, on diskette or Compact Disc (CD) is hereby mandated.
